Software Developer with full-stack experience and a strong foundation in computer science. Skilled in building scalable web applications with JavaScript, TypeScript, and React. Passionate about contributing to inclusive technologies and communities.

EXPERIENCE

Junior Software Engineer

Jul 2023 - Present

Flexie Inc, Charlotte, NC

- Built scalable RESTful APIs with Node.js and PostgreSQL, reducing client-side latency by **25%** and supporting **3K+ users**.
- Designed and implemented authentication for Flexie Auth App, helping eliminate fraudulent access and contributing to a **200% profit increase**.
- Refactored React components, boosting mobile responsiveness from **70% to 80%** (Lighthouse audit).
- Wrote **30+ Jest tests** and Swagger API docs, cutting post-deployment bugs by **40%**.
- Collaborated in Agile sprints, participating in **code reviews, feature development, and mentoring interns** on Git workflows.

Student Ambassador Intern

Apr 2023 - Jun 2024

Kibo School, New York, NY

- Co-led Kibo's CS4Schools initiative, teaching Python to 500+ high school students across 5 schools.
- Increased program engagement and applications by 30% through effective outreach and community partnerships.
- Initiated student-focused events like "Kibo Student Socials" and GDSC Kibo to drive peer learning, improve student engagement and community culture.

Coding Instructor

Apr 2022 - Sep 2022

Tech For The Street, Lagos, Nigeria

- Taught foundational coding to 100+ public school students as part of a grassroots tech initiative.
- Achieved a 90% student success rate using interactive platforms like Scratch and Hour of Code.
- Designed weekly group projects and provided feedback to parents and teachers to track learning progress.

EDUCATION

University of Lagos – Lagos, Nigeria

Bachelor of Science in Systems Engineering — Expected Aug 2027

- Academic Standing: **Second Class Upper**
- **Relevant Coursework:** Engineering Mathematics, Discrete Mathematics, Signals & Systems, Control Systems, Systems Modeling & Simulation, Operational Methods I & II, Industrial Engineering

Kibo School of Technology, Woolf University – New York, NY

Higher Diploma in Computer Science — Oct 2022 - Jun 2024

- GPA: **3.7/4.0**, Dean's List (Fall 2022 – Winter 2023)
- **Relevant Coursework:** Programming I & II, Data Structures & Algorithms I & II, Web Application Development, Front-End Development, Product Management & Design, Artificial Intelligence, Introduction to Data Science

TECHNICAL SKILLS

Backend: Node.js, Python, Flask, PostgreSQL, RESTful APIs

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Figma

Tools & Infrastructure: Git, Postman, Jest, Swagger

Databases: PostgreSQL
